# Happy 100th birthday to the ASBMB!

The Canadian Society of Biochemistry, Molecular and Cellular Biology and its members wish to extend their best wishes to our close cousins, the American Society for Biochemistry and Molecular Biology, on the occasion of their centennial.

Of course, many of the members of CSBMCB are also members of the ASBMB, so it is with genuine enthusiasm that we share in the delight of reflecting on 100 years of ASBMB and the Journal of Biological Chemistry. To this end the CSBMCB has contributed a gift of sponsorship for the 2006 Annual General Meeting and Centennial Celebrations in San Francisco, April 1-5, 2006. **Happy 100th, ASBMB!**

**FRONT COVER IMAGE:** Supplied by Dr. J. N. Mark Glover, University of Alberta

**BACK COVER IMAGE:** Supplied by Dr. Eric D. Brown, McMaster University
